Seeding Rate 0.75 PLS Pounds Per 1000 Square Feet
 32.66 PLS Pounds Per Acre

Wetland Food Plot provides a mixture of forbes and grasses that are both highly palatable and nutritious, the Wetland Food has been proven to draw in deer, elk and antelope for over forty years. Included are annual and perennial forages that animals love to browse, so much so that they may often relocate to where this mix is planted. The recommended seeding rate is approximately fifty pounds per acre.
