Seeding Rate 10.00 PLS Pounds Per 1000 Square Feet
 450.00 PLS Pounds Per Acre

TURFNET Spreading Perennial Ryegrass is known for quick establishment, excellent wear tolerance and high turf quality. This subspecies of tillering perennial ryegrasses is transforming athletic fields across the country. Now you can establish or over-seed a strong rhizomatous perennial rye that has excellent wear characteristics and rapid repair abilities! These characteristics, combined with improved disease resistance and stress tolerance, are constantly being improved by turfgrass breeders. TurfNet demonstrates improvements in gray leaf spot, rust, red thread and brown patch resistance making it a multipurpose ryegrass. Rapid establishment combines with dark green color and fine leaf texture for a perennial ryegrass suited to all zones.

Recommended seeding rate is 10-12 lbs per 1,000 sq ft.
