Seeding Rate 7.00 PLS Pounds Per 1000 Square Feet
 304.59 PLS Pounds Per Acre

MicroGreen TG is a combination of TurfNet Spreading Perennial Ryegrass and a new variety of clover called Microclover. This mix is the ultimate low maintenance lawn seed mixture. MicroGreen TG lawns have stayed green in the absence of fertilizer and watering and provide a resilient, tough vegetative cover. Good for dog parks, sport fields, home lawns or anywhere a low maintenance dense vegetative cover is desired.
